

**SUBJECT:** Changes to the Canada Pension Plan (CPP)

Hello Nancie

I read your query on LinkedIn yesterday regarding an employee handout for upcoming changes being made to the Canada Pension Plan.

I am writing because I may be able to help you clear up the confusion by communicating these changes to your employees. During my 17 years plus of professional writing and employee coaching, I have written several white papers on changes in Canadian payroll and processes.

You can see samples of my writing at [www.freelancewriting.com](http://www.freelancewriting.com)

Would it make sense to you to connect?
